Oscar J. Bader, the Ford salesman,
was an Alamo City visitor Thursday.

Miss Lola Berry left Sunday for
Waco, where she has accepted a position.

Paul Weynand was a business visitor
to Tarpley and Bandera Wednesday.

Mr. and Ernest C. Martin of Pear-
sall were guests of relatives here on
Sunday.

Miss Frances Collins has returned
from Austin, where she spent several
days visiting.

Hondo was numerously represented
at the Castroville celebration on
August 25th.

Mrs. Louis Scherrer and daughter,
Miss Florence, were over from Castro-
ville Thursday visiting relatives.

Mrs. H. A. Miller Jr. went to Lang-
try Wednesday night to visit her
sister, Miss Pearl Berry, a few days.

Albert Haby was a business visitor
here from Castroville Wednesday.

Will Earnest attended the funeral
of his father, J. W. Earnest, in Austin
Wednesday.

Otto Wallrath of D'Hanis is visiting
his cousin, Lloyd Parsons, here
this week.

Mr. and Mrs. Fritz Borchers and
daughter, Miss Della, were visiting
in Hondo yesterday. Mr. Borchers
and Miss Della also visited this place.

Ernest Grell, Miss Josie Bendele,
Taylor Saathoff and Miss Velma
Bohlen took in the dance at Castro-
ville Saturday night.

Mrs. H. A. Miller Jr. and baby,
Hermione, came in last week from
Corpus Christi on a visit to her
mother, Mrs. J. H. Berry, and family.

J. G. Brucks brought in a load of
hogs to Nester & Schweers Monday.
Before returning to the ranch he
paid the Anvil Herald office a pleas-
ant call and ordered Fletcher's Farm-
ing to be sent regularly to his home.

Miss Georgia Schmidt went to San
Antonio on Friday morning's train.
She will attend the teachers' insti-
tute in the city the coming week, and
will visit relatives and friends a few
days before the institute opens.

Carload shipments for the week
totalled fourteen carloads, six loads
out and eight in, as follows: Out-
bound, 6 cars of corn; inbound, 2
cars of lumber, 1 wagon, 1 oil, 1 of
cotton, 1 flour, 1 well drilling ma-
chinery and 1 of watermelons.

Mrs. L. E. Heath and daughter,
Miss Loraine, have spent the week in
San Antonio. Miss Loraine had her
tonsils removed by a San Antonio
surgeon last Monday and Mrs. Heath
stayed in the city with her. Mr.
Heath went to the city with them
but returned home the first of the
week.

A carbon quarantine which had
effect in the upper end of the
city for a month or more was
Thursday, no new cases have
developed recently and all dan-
gerous infection having apparently
ended. The few sporadic cases of
head disease gave the stock-
good scare, and all feel greatly
relieved that we are to be spared a
portion of this terror of the stock-

Fritz Weber was a Hondo visitor
Sunday. Mr. Weber was a candi-
date for Commissioner from his pre-
cinct in Uvalde county before the
recent primary, and was defeated by
a majority of only four votes. While
somewhat disappointed, Mr. Weber
says he has the satisfaction of know-
ing that he had the support of the
best people of the precinct and owes
his defeat to the massing of the less
substantial element of the citizenship
against him—people who allowed
themselves to be influenced without
stopping to investigate for them-
selves. While in Hondo, Mr. Weber
enrolled on FARMING'S growing
subscription list.

Number 3 of Volume 1, the Sep-
tember issue of Fletcher's Farming,
was mailed to its readers Monday.
If you failed to receive a copy you
missed a treat, for any one of several
articles therein are worth more than
the subscription price. While most
country weeklies are charging two
dollars and upwards for a year's
subscription, we are sending the An-
vil Herald for only a dollar and a
half and throwing in a splendid \$1.00
farm and home magazine for only
fifty cents additional, two dollars a
year for the two. Order the combina-
tion sent you now, and tell your
neighbors about it.

Prof. J. D. Howell, superintendent
of the Hondo High School, came in
Tuesday from Austin where he had
been attending the summer school at
the State University. Being a student
instead of an instructor seems to
agree with him. He came over to
see that all arrangements for the
opening of the school September 11
were made, prior to the beginning of
the county teachers' institute, which
will be held in San Antonio beginning
September 4th and which he is plan-
ning to attend.

Everett Meyer Cockrell is a new
voter who has taken up his abode
with Mr. and Mrs. F. S. Cockrell.
August 26 (Primary election) is his
anniversary, but as he had no time
to investigate the different questions
that were bothering the voters on
that date he refrained from taking
any part in the voting. Here's hop-
ing that he may himself be a success-
ful contestant in a run-off primary
when time has sprinkled his hair with
gray.

Among the graduates of the State
University at the summer school, we
note the name of E. W. Brucks of
Hondo, who received his Bachelor
of Arts degree. Mr. Brucks is the
eldest son of Prof. and Mrs. A. B. Brucks
of this place. He has been at the
University pursuing his studies since
his return from the army. This paper
congratulates the young man on this
fruition of his unflagging labors to
secure the coveted education.

Charles Brucks, Elmer Neuman,
Wesley Mofield and Marion Davis re-
turned Saturday from San Antonio
where they had been attending the
Citizens' Military Training Camp for
the past four weeks. The boys were
well pleased with their stay in camp,
but are glad to be back at home and
again in citizens' togs. Marion Davis
and Elmer Neuman each qualified
as sharpshooters in the rifle
practice.

Paul Weynand, the Overland deal-
er, this week delivered cars as fol-
lows: touring cars, Miss Bettie
Schmidt, Robert Reynolds of Hondo;
J. P. Nixon of D'Hanis, and a road-
ster to O. Thallmann of Bandera.
These cars had been sold for some
time, but Mr. Weynand experienced
some trouble in making delivery,
owing to the delay in shipment.

Tick Inspector E. J. Murray in-
forms the Anvil Herald that during
the month of August, Medina county
dipped 98,610 cattle. Out of that
number there were 2,882 cattle that
were infested with ticks, or less than
half as many ticky cattle than there
were in July. This is certainly mak-
ing substantial progress towards an
ultimate and complete clean-up.

The latest journalistic venture to
seek the favor of the reading public
is the "National Angora Record Jour-
nal," official organ of the National
Angora Record Association. It is an
attractive magazine, gotten out by
the Hornby Press at Uvalde and is
edited by Mr. E. Scarborough. The
Angora goat men have a right to
be, as they doubtless are, proud of
their official organ, and here is wish-
it unbounded success.

Mr. Andrea Sprott, who was struck
by a large rattlesnake about 8:30
Friday morning of last week, while
shucking corn in his crib at his home
near Tarpley and who was rushed
here for medical attention, returned
to his home Tuesday. Mr. Sprott
was a very sick man for a couple
of days, but the best of attention
pulled him through. One of the un-
usual things connected with this bite
of the rattlesnake is the fact that
twenty-eight years to the day Mr.
Sprott lost a son from the bite of
a rattlesnake. Mrs. Sprott, who was
with Mr. Sprott, returned with him.
While here they were at the home of
their son, Louis Sprott.

Miss Emma Britsch, deputy county
clerk, has been leading the strenuous
life the past few weeks, as it fell to
her lot to record the deed of trust
given by the Empire Gas & Fuel Co.,
of Oklahoma, to the Equitable Trust
Co. of New York as trustee. This is
by far the largest document ever re-
corded in this county and it will oc-
cupy approximately 120 pages of the
register when completed. Miss
Emma has been employed for some
two weeks on this work, but is near-
ing the end. Of course, if she had
put in her entire time the registering
would have been completed before
now, but being called off frequently
to record less voluminous documents,
has retarded the work. There are
approximately 30,000 words in the
document and the amount involved is
a little in excess of \$45,000,000.

Rev. S. C. Swinney, who has re-
signed the pastorate of the Baptist
church here, effective October 1st,
accompanied by his family, left Mon-
day morning for Arkansas, where
they will await his coming at the con-
clusion of his work here. The rever-
end gentleman will return here
from his present trip to Arkansas as
soon as possible, but it is hardly
probable that he will return in time
to fill his pulpit here tomorrow. Mr.
Swinney has been called to the pas-
torate of a church in his native state,
and will take up his new duties at
the expiration of his work here.

Judge H. E. Haass, secretary of the
Hondo Farm Loan Association, re-
mitted a fraction over \$16,000 to
the Federal Farm Loan Bank in Hous-
ton this week. This amount was in
payment of the semi-annual interest
on loans made in this county. There
were but few delinquents and these
have promised to settle amounts due
at an early date.

Mr. and Mrs. Ralph Russel and
little Miss Effie May of San Antonio

Mr. and Mrs. S. A. Barnes and
sons, Lynton, Winfred and Francis,
and Mr. S. T. Barnes of Pearsall,
were here on a visit to Mr. and Mrs.
T. C. Barnes during the week.

Mr. and Mrs. N. C. Ney and child-
ren of Glidden were here one day
this week, guests of Mrs. Ney's sis-
ters, Mesdames Chas. and Alfred
Finger.

Three hundred and thirty-one
bales of cotton were forwarded from
the local depot this week. A total
of 563 bales have been shipped out

COMPARE THIS NERVE
WITH THE ONE ABOVE
AND THE ONE BELOW

THAT EVERY ORGAN, GLAND,
MUSCLE, OR PART OF ONE'S
BODY IS UNDER THE DIRECT CON-
TROL OF THE NERVOUS SYSTEM
IS A WELL KNOWN FACT.

The spinal cord, the continuance of
the brain, sends out branches to all
parts of our bodies. This main cable
is well protected by the spinal
column.

The spinal column is composed of
twenty-four movable vertebrae, or
bones. In between each of these
vertebrae, there is formed an open-
ing called the intervertebral foramen,
which transmits a branch from the
spinal cord and leading to some part
of your anatomy.

That the life of any living organism operates over or through this
system is readily seen. Injury to the spinal cord near the brain
would mean instant death. If not so near the brain there would
be no control of that part of the body below the injury.

In case there is any interference at the point where the nerve emits
from the spinal column it would interfere with whatever organ that
nerve leads to, and then there would be sickness in some form or
another.

This is where the Chiropractor does his work in adjusting the ver-
tebra into place, allowing the nerve force to flow unhindered, and
health is the result.

Mr. L. G. Ransom, traveling inspector, with the Mergenthaler Linotype Company, with headquarters in New Orleans, was in Hondo several days ago, and while here gave the Anvil Herald's Model 8 machine the "once-over." From here Mr. Ransom went to Orange, Texas, where he put up a machine for one of the publishing houses of that city.

WITH THE DRILLERS.

Fritz Fuchs, who is interested in the Yancey Oil & Gas Company, was here this week looking after the progress of the company. This well has been cemented to a depth of 800 feet, and the drill has penetrated to a depth of approximately 1,100 feet. Salt water was encountered at this depth, but the promoters do not deem this as an unfavorable indication. Mr. Fuchs, who is one of the big oil men of the state and who has producing wells in various fields, is sanguine he will develop another field here. So certain is he that his undertaking here will prove a success he says he would not pay a man five cents to guarantee a pay strike.

The Circle Oil Company was busy this week moving a delayed shipment of well machinery to its location on the Bliss farm, some four miles south of town. The derrick has been up some two weeks, but failure of the drill to arrive has caused delay. It is planned now to spud in Monday morning, and as it is the purpose to use a double shift, rapid progress is expected to be made. The contract with the driller calls for 2,000 feet, and as a rotary rig is to be used, this depth is hoped to be reached in about sixty days. A light plant will be installed and work will be continuous, barring break-downs. This enterprise is being financed by a company of Illinois business men.

The Ina Oil Company, drilling on the George Schmidt ranch, has reached a depth of approximately 300 feet. A fine showing of oil was found in this well at 266 feet, the slush pit being covered. The finding of oil at this shallow depth has provoked great interest, and the downward progress of the drill will be watched with great interest.

No reports have been received from the other locations, and we are unable to give what progress is being made. However, a determined effort is now being made to locate the oil pool geologists report to underlie this section, and Medina county will be in the limelight for some time to come.

ANOTHER DISASTROUS FIRE.

The parsonage of the colored Methodist church in the northwest part of town caught fire from some unknown cause, during the absence of the pastor and his wife about eleven o'clock Wednesday morning, and the contents, the household effects and wearing apparel, were completely destroyed.

The fire was so far removed from a fire plug that there was not sufficient hose to reach the fire, and it was with extreme difficulty that the massive, new church adjoining the parsonage was saved. It was on fire for some time, but the work of the chemical engine, together with the help of the bucket brigade and a fortunate veering of the wind, prevented its destruction. A hundred or so dollars repairs will restore the church, but the parsonage is a total loss and there was no insurance on any of the property.

The colored congregation was busy taking up a collection and their losses will doubtless be recouped in this way.

NEGLECT OF FARM IMPLEMENTS

The greatest crime being committed now, as it has in the past, in Texas agricultural practices by 99 per cent of our farmers, including our most progressive farmers along other lines, is the neglect of farm implements and machinery. In 1920 there was \$154,320,996 worth of farm implements and machinery, on a conservative government estimate, on Texas farms. There is practically not any higher valuation to be placed on the implements and machinery on hand on the farms at the present time, yet Texas farmers have spent annually between \$35,000 and \$50,000 for additional implements and machinery the past two years. This means that the depreciation in the large majority of cases is 50 per cent or more annually. The average life of the average farm implement or machine kept in repair, greased and under shelter, is 10 years, yet Texas machines and implements as a rule give service for only 1 or 2 years.

When thresher after thresher, tractor after tractor, plow after plow, etc., can be seen remaining idle in one corner of the barnyard exposed to the sun, wind, and rain the year round it is not hard to understand why they only last one season, to be replaced with a new one next season.

If the 426,033 farmers in our state would expend \$200 each, or a total of \$85,206,600 for implement sheds to house this machinery, and expend a little grease and oil, and an average of 30 minutes per implement per year they would save themselves annually this \$35,000,000 expended for new implements to replace the previous years new implements, or over a period of 10 years, the average life of the implement shed, a total of \$350,000,000. Very few investments will return the farmer an income as an investment in an implement shed.

Most of the average farmers' revenue comes in during the fall of the year, so it is this season when he has the money to spare that he should construct this shed rather than figure on junking this year's machinery and having to buy new implements next year.

If you are able to build, build and save your money. A successful farmer, as any other successful business man, must stop his leaks and wastages.

Agricultural Agent, Southern Pacific Lines.

BUSINESS CHANGE.

A business change of some interest to the people of Hondo was consummated this week when Roy Carter and O. J. Bader purchased the business heretofore conducted by the Yantis Motor Company from Mr. R. M. Yantis.

These young men are welcomed into the business life of the town and everyone wishes them unbounded success in their new venture.

Mr. Yantis, who has conducted the business for the past several years, made many friends during his residence here who hope that this change will not cause them to lose him as a citizen. However, should circumstances cause him to cast his lot elsewhere, he will carry with him their best wishes for success and prosperity wherever he may locate.

THE RUN-OFF PRIMARY.

In the run-off primary Saturday a large vote was cast over the state. All of the Ku Klux ticket was defeated except the candidates for United States Senator. Earle Mayfield defeated Governor Ferguson by several thousand majority.

Up to the hour of going to press, complete figures were not available, the following being the latest count:
For Senator: Ferguson, complete counties, 155,851; incomplete counties, 93,174; total, 249,025.

Mayfield, complete counties, 192,423; incomplete counties, 111,790; total, 304,213.

For Superintendent of Public Instruction: Bentley, complete counties, 150,121; incomplete counties, 94,384; total, 250,505.

Marrs, complete counties, 170,248; incomplete counties, 97,526; total, 267,774.

Thirteen counties have not reported. Eight held no elections.

Little Tommie, a precocious six-year old, had been disappointed in love. He had a date to play with little Mary Ann in her house across the way. When he got there he found she had forgotten all about him and was sliding down the hill on his rival's new sled. Tommie returned home, disgusted with all girls in general and one in particular. He didn't cry, nor did he contemplate suicide. Instead he went straight to his mama and with childish naivete said:

"Mama, d'you know what I'd do if I was Adam? I'd go right up to heaven and I'd say, 'please, Mr. God, if it's just the same to you, I'd like to have my rib back!'"

The open season for the killing of doves was ushered in with September 1st, and life with that variety of birds will be a strenuous affair for the next few months. However, they seem to have become wise to the fact that their lives are in jeopardy and are rather conspicuous by their scarcity.

"Well," reported the new commercial traveler, swinging jauntily into the office, "I got two orders from Hardnut & Company today."

"Fine, fine!" exclaimed the manager enthusiastically.

"Yes, one to get out and the other to stay out."

DO YOU FEEL LIKE GIVING UP THE FIGHT SOOMETIMES?

Allowing yourself to become completely discouraged is dangerous to your welfare and that of your family. There are times in every man's life when it is hard to keep up.

Bills come faster than you can meet them.

Unexpected expenses and ill luck overtakes you, and you think your family more extravagant than its members should be, all combining to make it appear to you that there is no use trying to continue such an uphill fight.

But supposing you do give up, what then?

Would you be any happier?

You would have these debts against you and your family must be supported or you will suffer injured pride, if nothing more.

If you give up, you will be less able to work your way out, so what do you gain by throwing up your hands?

In a short time you would regret your action, and it might take you a long time to reach the place you had before you crumpled under your troubles.

Keep going—keep plugging away, is the only sane thing to do.

Remember, your neighbors also have the same discouragements.

Your failure to keep on the job means other failures.—The Houston Chronicle.

From The Devine News.

Mr. C. C. Rogers, candidate for
Sheriff, accompanied by John Wat-
son of Biry, was in Devine Tuesday
getting acquainted with the people.
Mr. Rogers is a farmer and has re-
sided in Medina county 25 years, he
says, but has never been over the
county much. His farm is in the
Yancey section, we believe, but he
has moved to Hondo for school pur-
poses. He is an ex-ranger and says
he is well acquainted with the duties
of a peace officer.

R. S. and R. C. Howard came in
one day this week with 14 gray
squirrels, which they had bagged on
the Hondo in a few hours.

Work on the Shook School is pro-
gressing fairly well, and the board
hopes to have the new building com-
plete by school opening. Miss
Frances Dubose and a Miss Berry of
Yancey have been elected teachers.

The farm wagon is the builder of
any town, and we have been hearing
the corn and cotton wagons run
early and late recently. At least 75
to 100 farm wagons a day, bringing
in the fleecy staple and the silvery
grain.

There was a gain of 38 votes in
Devine over the first primary, 232
votes being polled here, Ferguson
getting 63 against Mayfield 167,
nearly three to one. Stroud for
constable in Devine got 148 to Bow-
man 77, nearly two to one; Black
Creek gave Bowman 19 to Stroud
2; the Natalia box gave Stroud 16,
Bowman 6.

A number of Lower Rio Grande
Valley men have been here figuring
on growing spinach and other truck
in the Medina Valley Irrigation
Lands, which lie north of Devine and
Natalia. Corn at 45 cents is no longer
a paying crop on these lands and we
hope to see the country develop
into a great trucking center, since
the managers have opened up the
whole district to winter truck, and
have an abundance of water. We
are 300 miles nearer the market than
the Lower Valley, and the rents are
lower.

After trouble with water, and oth-
erwise, and a shut-down of several
days, we understand from a practical
oil man, that work has been resumed
and Friday they were reported down
460 feet on the Mangold No. 1. The
well, on the Jungman tract, at Chi-
con Lake, was being bailed for a
week, and was reported making a bar-
rel a day or better. Another loca-
tion will be made in a few days, for
the Christies No. 3, Nos. 1 and 2
being light pumps. Noonan No.
1, two miles west of town, is shut
down at 300 feet, waiting for a ro-
tary rig ordered.

At last we are informed that the
material is being ordered for the new
\$12,000 school auditorium. The
brick have been bought, 45,000 of
the Seco Brick Company of D'Hanis,
at \$15, delivered in Devine, red
pressed brick, select brick to be used
in inside finish. The local lumber
yards have been asked to submit bids
for furnishing lumber needed. The
board has accepted plans but rejected
bids, which wanted \$18,000 for the
building, material furnished. The
board believes that competent men
can be had here to supervise the
building, and local labor can put it
up, and the same building secured
for \$12,000, the money being in the
local bank for this. They have come
to this decision after figuring with
architects and city contractors for
several months. This has been the
contention of the News, i. e., that a
contractor always figures high, and
charged a good per cent for his
profits, over the actual work put in,
and often imported men to do the
work, when home men needed the
work. The material will soon be
coming in and in a few weeks work
will actually begin.

THAT BAD BACK

Do you have a dull, steady ache in
the small of the back—sharp, stab-
bing twinges when stooping or lift-
ing—distressing urinary disorders?
For bad back and weakened kidneys
Hondo residents recommend Doan's
Kidney Pills. Read this Hondo state-
ment.

Joseph Mechler says: "I can high-
ly recommend Doan's Kidney Pills,
for I know they are good. I was
taken with a severe backache and had
a dull pain in my kidneys day and
night. When I stooped I could hard-
ly rise up again. My kidneys didn't
act right and I had to get up nights
on this account. A friend told me
about Doan's Kidney Pills so I used
them and was helped. Two boxes
of Doan's made my back as strong
as iron and made my kidneys act
like clock work."

W. J. NIGGLI DEAD.

W. J. Niggli, president of the First
State Bank of Eagle Pass and a
prominent merchant of that city, died
there yesterday at 6:30 p. m., accord-
ing to information received in this
city by his relatives. Mr. Niggli was
born at Castroville in 1876, accord-
ing to information last night from
City Building Inspector Gus F. Nig-
gli, who is a cousin.

W. J. Niggli lived in San Antonio
until the death of his father 25 years
ago, when he went to Eagle Pass
and soon became prominent in that
city's business circles. At the time
of his death, in addition to being
president of the First State Bank,
he was president of the Internation-
al Dry Goods Company.

He was a deputy United States
Marshal under the late Hal Gardner.
About 12 years ago he became ill and
never fully recovered. He was a
member of the Masons and the
Knights Templar.

In addition to his wife and two
daughters, Miss Elinor and Miss
Elizabeth, Mr. Niggli leaves one
brother, F. F. Niggli, now in Mexico,
but on his way back to Texas, and
three sisters, Mrs. Elizabeth Galla-
gher, Mrs. Adele Rihn and Miss
Dorothy Niggli, all of San Antonio.
Funeral arrangements had not been
completed yesterday. — Thursday's
Express.

Deceased was partly reared in Cas-
troville, and many local acquaintances
in this county will grieve at his
passing.

BIRTHDAY PARTY.

A birthday party was given Master
Morris Stansbury by Mrs. J. M. Hall
at the home of Mr. and Mrs. D. B.
Martin Saturday, August 26th.

Those present were: Roy and
Charlie Embrey, Fay, Olaf and Sam
Coffey, Leonard Joyce, Annie and
Velma Crabtree, Wilburn and Lucille
Van Fleet, Robert and Henrietta
Griffis.

After playing a few games, dainty
refreshments consisting of ice cream
and cake were served. A beautiful
birthday cake with its 10 candles
formed a pretty center piece for the
table.

Each of the little guests is wishing
that Morris would have birthdays
often more than once a year.

Mrs. Hall was assisted in serving
by Mrs. D. B. Martin and Mrs. Van
Fleet.

FROM THE BANDERA NEW ERA.

Mrs. Louise Batot and son, Johnnie Batot, and family were here from D'Hanis several days last week visiting relatives.

We learn that the bond of Chas. Merritt, charged with attempt to rob the First National Bank of Bandera, and whose case was called at Kerrville last week, was declared forfeited. A decision on the appeal of Johnnie Odell, convicted for this offense at the last term of district court and given a five-year sentence, has not been handed down. Merritt is said to be in prison in Kansas.

The Bingville board of selectmen had held many sessions, and finally formulated a set of auto laws that was the pride of the country. So the constable felt no worriment when he stopped a motorist.
"You're pinched for violatin' the auto laws," he pronounced.
"Which one," inquired the traveler.
"Dunno, but ye certainly hain't come all the way down Main street without bustin' one of them."

Everyone loved little Johnny ready answers were a delight to everyone. On his first visit to the farm, after watching with round the milking, he was later questioned by his aunt if he had found out uncle got milk from the cows.
"Sure," he said. "Uncle gave cows breakfast food and a drink of water, then he drained their cases."

LADY WAS IN A BAD FIX FROM NERVOUS INDIGESTION

Biloxi, Miss.—"I had, for a year or more, nervous indigestion, or some form of stomach trouble," says Mrs. Alonzo Ford, 1117 Clay Street, this city. "The water I drank at that time seemed to constipate me. I would suffer until I got so nervous I wanted to get down on the floor and roll. I felt like I could tear my clothes."

"Every night, and night after night, I had to take something for a laxative, and it had to be kept up nightly. My side would pain. I looked awful. My skin was sallow and seemed spotted. I would look at my hands and arms, and the flesh looked lifeless."

"I happened to get a Birthday Almanac, so I told my husband I would try the Black-Draught, which I did. I took a few big doses. I felt much better. My liver acted well. I made a good, warm tea and drank it that way. Soon I found

that nervous, tight feeling was going away. I was the pain in my side. I found I had to take it every night. Soon, a few weeks, I could leave it off week or so, and I did not suffer constipation. . . I gained flesh. I had good color, and believe it was a healthy liver, and that Black-Draught did the work."

"I went to my mother's (Mrs. Deane) one day, and she wasn't well at all. I told her we'd try Black-Draught, and now she keeps it to take eating. It certainly helped her, and neither will be without it in our house. It is so simple, and the dose so regulated as the case may be. We take small doses after meals for indigestion, and larger doses for headache and liver."

Thedford's Black-Draught liver medicine is for sale everywhere.

FLETCHER'S STATE RIGHTS FARMING

A Monthly Farm and Livestock Journal
Published in Hondo, Texas. By FLETCHER DAVIS
Subscription, \$1.00 per Year.

The editor was for more than four years an Institute Lecturer for the Texas State Department of Agriculture, then for more than two years an attaché of the Department's Bureau of Markets, during which time he established and edited the Market Journal and the Market Section of the News Bulletin, and for nearly a year had full editorial charge of the Monthly News Bulletin. He has also been a staff writer on one of the State farm papers for more than three years and has contributed frequently to the other State farm papers.

Mr. Davis hopes in his own farm publication to resume his labors for the farmers of Texas which were interrupted when the News Bulletin was discontinued, and hopes also to receive sufficient patronage from the farmers to enable him to render a greater degree of service than he has ever rendered before.

If you want to help him realize his hopes and desires, clip, fill out and attach money order or check to one of the below blanks and mail it to him at once.

* When the 37th Legislature's refusal to appropriate funds for the continuance of the Monthly News Bulletin of the State Department of Agriculture caused its demise, its then editor wrote in the farewell issue:
GOOD-BYE—HOWDY!
* The News Bulletin is Dead! Long Live the State Rights Farmer!
* With this issue of the Monthly News Bulletin it ceases to exist—done to its death by a spiteful membership of the State Senate!
* But it is not my purpose to mourn its demise. For seven months I have edited the News Bulletin at a financial loss to myself because of the pitiful wage paid by this great State to its servant. But I have done it because of its exceptional opportunities for service and because the work was a labor of love.

* With the passing of the News Bulletin, it dies in body alone. Its spirit is re-incarnated in the State Rights Farmer, born, without hope of pecuniary reward to himself, of the unselfish desire of Commissioner Terrell to continue the valuable service heretofore rendered by the News Bulletin. In the columns of the new publication, unhampered by official restriction, I expect to find a broader and fairer field for service than was possible in the older.

* Good-bye, readers and friends of the News Bulletin. To those who want to be readers and friends of the State Rights Farmer, Howdy! And let's go!
* Yours for continued service, FLETCHER DAVIS, Editor Monthly News Bulletin.
* The State Rights Farmer mentioned therein failed to materialize for various reasons, Mr. Davis resigned from the Department and returned to his own publishing business, and after surmounting many difficulties, has launched, on his own responsibility and from his own printing plant, Fletcher's State Rights Farming.

* Many of those whose names made the News Bulletin a synonym for reliability and dependability have signified their purpose of contributing of their thought to its pages.
* If only those whom Mr. Davis and the News Bulletin served, not to mention the thousands of farmers they were trying to but had not yet reached, will come to his support with their subscriptions and their advertisements they will make his paper a financial success and broaden its scope of usefulness far beyond the dreams of the state publication.

* Won't you who read this be of the number to come immediately to his help in realizing these hopes by sending him your subscription now. Get three of your neighbors to join you—NOW. Don't wait for a second invitation. We thank you—NOW!

A Triumph for Value

IN the past two months Firestone has built and marketed more tires than in any similar period in its history.

This steadily increasing public preference is proof of the recognition by car owners of the greater values offered by Firestone. It is a tribute to Firestone men—all stockholders in the company—all actuated by the operating principle of Most Miles per Dollar.

The high average performance of Firestone Cords is without equal in the annals of tire making and is reflected by the general tendency to specify Firestone for hard service. Taxicab and bus lines, buying tires by the mile,

are universally equipping with Firestone Cords.

There are many reasons for the high quality of Firestone tires but chief among the special manufacturing processes are double gum-dipping, thus eliminating internal friction by insulating each cord strand, and air-bag cure, insuring a well-balanced and perfectly shaped product.

Don't speculate in tires—you will find the right combination of price and quality in Firestone. Come in and let us tell you about the service these Cords are giving other car-owners whom you know.

GARNER PRAISED AS HIS VOTE IS CERTIFIED TO.

Uvalde, Tex., Aug. 27.—At the
Democratic Convention of the 15th
Congressional District held at Uvalde
yesterday afternoon, the vote cast for
the two candidates were canvassed
and John N. Garner was shown to
have received 9,327 votes and John
T. Briscoe 4,858 votes. Mr. Garner
was declared the nominee. Judge
T. M. Milam was elected permanent
chairman and Jake Schwartz sec-
retary. The following resolution was
unanimously adopted:

Be it resolved, by the Democratic
party of the 15th Congressional Dis-
trict of Texas, in convention assem-
bled:

First—That we recognize in our
Congressman, Hon. John N. Garner,
one of the ablest, safest, and most
efficient legislators now in our Na-
tional legislative body.

Second—That we approve his
course in Congress, in his untiring
efforts to obtain, for the benefit of
his constituents, an equal protection
on raw material, with the protection
accorded the manufactured product,
such protection being demanded, on
the principle that tariff should be
levied on all imported goods, without
discrimination against the raw ma-
terial.

Third—That we approve Congress-
man Garner's course in Congress, in
that while he disapproved of the
adoption of the 18th Amendment to
the Federal Constitution, because he
believed that the people of Texas
were thereby surrendering a valuable
right to manage and control the
liquor traffic, as to them might seem
wisest and best; yet, after the adop-
tion of said amendment, in compli-
ance with his oath to support the
Constitution, he has, uniformly, sup-
ported and voted for every bill that
has been enacted into law, by Con-
gress, for the carrying out, in good
faith, the spirit, as well as the letter
of the 18th Amendment to the Fed-
eral Constitution.

MEDINA TO BE VISITED.

Further investigations of require-
ments of the Government in connec-
tion with the establishment of the
proposed fish hatchery at Medina
Lake will be made today by Hugh R.
Robertson, Federal receiver for the
Medina Valley irrigation companies,
in company with Mark Riley, State
superintendent of hatcheries; G. A.
McNaughten of San Marcos, Texas
fish and game commissioner, and
Martin Wright, W. H. Furlong, sec-
retary of the Chamber of Commerce
highway department, and Charles
Gutzeit.

The plans as outlined by Super-
intendent Riley recently for the propa-
gation of black bass in a hatchery
to be established probably below the
big dam on the Medina River, about
36 miles from San Antonio, will be
talked over with Mr. Robertson and
he will be acquainted with the Gov-
ernment requirements for the estab-
lishment of such a hatchery, accord-
ing to Mr. Furlong.

Mr. Furlong said that Mr. Robert-
son, who has been away on his va-
cation, has expressed himself as be-
ing in favor of the plan. It is hoped
that the hatchery will eventually sup-
ply Medina Lake with 100,000 fish
a year, Furlong said.—Thursday's
Express.

FORMER RANGER WHO KILLED INDIAN CHIEF IN FIGHT, PASSES AWAY.

Charles Bartholomae, who died at his home, 518 Matagorda Street, San Antonio, Saturday night, was one of those few remaining picturesque figures who served as a Ranger on the Texas frontier half a century ago, and in such capacity engaged often in battle with the Indians who at that time made frequent raids into the white settlements.

On one occasion, in the year 1874, Mr. Bartholomae had a hand-to-hand fight with an Indian chief, in which he killed his enemy. The Indian had a bow and arrow and shield which the victor carried away and ever after kept in his home, except when placed on exhibition at the request of friends.

On the occasion of the old freighters' picnic, held in the spring at San Pedro Park, Mr. Bartholomae exhibited the trophies and retold the story of the death grapple to many inquirers of the younger generation. The bow for all these years still was taut by the same string, which was made of a tendon, taken probably from a deer. These tendons were treated in such a manner that they became almost proof against the ravages of time, and possessed great strength. The shield was made by stretching a beef hide over and oval frame of wood, and was well calculated to turn aside the arrows or blows of an enemy. However, it would not turn aside a bullet fired from an old fashioned rifle.

Mr. Bartholomae engaged in freighting in the days before the railroads, and also made one trip with cattle up the trail to Nebraska. He was a member of both the Pioneer Freighters' and Old Trail Drivers' Associations.

The foregoing sketch taken from Tuesday's San Antonio Express relates to the father of Dr. Charles E. Bartholomae, a recent arrival in Hondo. Almost as soon as he arrived to cast his lot among Hondo's people, and before he was well settled in his new home, the Doctor was called to the sad mission of burying his father. He has the sympathy of this entire community among the people of which he and his family are as yet almost complete strangers.

W. V. MANIS DEAD.

Kyle, Tex., Aug. 26.—After an illness of about three weeks, W. V. Manis, aged about 40 years, died at his home here Wednesday morning at 1 o'clock and was buried in the Kyle Cemetery at 6 o'clock Wednesday afternoon in the presence of a large assembly of sorrowing relatives and friends.

At 5 o'clock the body was taken to the Christian Church, where Rev. C. C. Peck, pastor of the Buda Christian Church, conducted the funeral service. At the cemetery the remains were taken in charge by the Kyle Masonic Lodge and given burial with the honors of the order. The pallbearers were: J. T. Martin, L. W. Dunn, R. W. Lear and T. A. Carter of Nixon; Tom Richmond of Kyle. Besides the four Nixon men mentioned above, there were three others, R. G. Hausman, P. A. Copeland and C. H. Brown. There were also a number of other out-of-town people in attendance at the funeral. Mr. Manis was born in Hays County on September 6, 1881, and lived in the county most of his life, although he lived at Nixon several years. He joined the Christian Church when not quite grown. In 1905 he was married to Miss Etta Parrish of Sutherland Springs, to which union six children were born, five of whom are living: Thelma, Vaughn, Elmer, Jack and Louise. He is also survived by his aged parents and several brothers and sisters. There were many beautiful floral offerings, among the number was one laid upon the grave by three white-robed Klansmen.

W. V. Manis was formerly a citizen of Hondo where he was engaged for some time in the blacksmith business. He was a good citizen and had many friends here who will be grieved at his untimely passing.

FARM LOANS.

The Hondo National Farm Loan Association, H. E. Haass, Secretary-Treasurer, Hondo, Texas, representing 132 borrowers, with \$503,280 borrowed, is prepared to make farm loans anywhere in Medina County under the Federal Farm Loan Act at 5 1/2 per cent interest and 1 per cent 33 year amortization repayment plan. Nineteen thousand Texas farmers have taken advantage of this system of borrowing over fifty million dollars. Why not you? Former restrictions have been taken off and you may borrow for any purpose provided for in the Act, as a farmer only. tf

AN IDEAL FARM HOME

A reasonable amount of cash and vendor's lien notes to suit, at 8 per cent, will buy the Charles Wallrath farm and home, one mile northwest of D'Hanis, on Seco Creek. There are 110 acres in the farm, 35 in field, 75 in pasture and 50 acres of this is tillable land. The soil is rich, heavy black-sandy soil. All fenced and cross-fenced. Nice orchard and vineyard—160 trees, 50 grape vines. Water piped to house and about premises from good well with windmill. For further particulars about price, terms, etc., apply to the owner on the premises or call on Fletcher Davis, or write him, at Box 218, Hondo, Texas.
